For those wishing to extend their cruise, AmaWaterways also offers an optional 3-night post Barcelona package for an additional charge of \$990 per person, based on double occupancy. Ask your Travel Advisor for complete details.

TRAVEL DOCUMENTS

Q: Do I need a Passport or Visa?

A: If you are traveling with a US Passport, it must be valid for six months past the last date of your trip. Due to airline security measures, your passport name must match your airline ticket name or you may be denied boarding. Any guest traveling without the proper documentation will not be allowed to board or disembark the vessel and no refund of cruise fare or any other travel components purchased through F&WT will be issued.

If you are traveling with a foreign passport, you are responsible for verifying and obtaining ALL required immigration documentation. F&WT accepts no responsibility for advising guests or obtaining appropriate visas for foreign passport holders. NOTE: US Passport guests travelling through **Turkey** are required to obtain a VISA to enter the country. Your travel advisor can advise you on how to procure this document.

Q: What documentation / information does the cruise line require in advance?

A: All guests will be required to complete AmaWaterways's Passenger Information Form. The information on this form is used to comply with certain foreign government and airline security restrictions in advance of your arrival. To complete this form, please visit www.AmaWaterways.com and complete the online Passenger Information Form in the "Before You Go" section. Each guest must complete the form.

Q: Do I need travel insurance?

A: F&WT strongly recommends you purchase *Allianz* travel insurance, or comparable travel insurance covering supplier default, full medical expenses, medical evacuation, travel delay, cancellation and loss. It is our policy to send every traveler a travel-insurance brochure, so please contact us immediately if this is not received. Be advised that pre-existing condition coverage requires insurance purchase within 14-days of deposit payment. Note that by not purchasing insurance, you assume all risk of loss. Insurance must cover all trip components to be valid. Insurance can only be refunded within 10-days of its purchase if done in writing. Refer to the insurance brochure for details regarding coverage conditions.

Q: Do I need special vaccinations?

A: Passport and Visa requirements, and regulations in regards to vaccination certificates and other health requirements, vary by destination. It is the sole responsibility of each guest to obtain and have available appropriate valid travel and health documents for their chosen itinerary. Any guest traveling without the proper documentation will not be allowed to board the vessel and no refund of cruise fare or any other travel components purchased from F&WT will be issued.

Q: Where do I find information about Travel Advisories?

A: The U.S. Department of State's Consular Information Sheets are available for every country in the world. F&WT recommends that all guests visit the U.S. Department of State's website at travel.state.gov to obtain information concerning that status of any advisories or warnings issued to travelers for specific countries around the world.

Final DOCUMENTATION

Q: When will I receive my final documents?

A: Food and Wine Trails sends all final documents including AmaWaterways cruise documents between 21 to 30 days prior to your trip departure, provided that AmaWaterways has received a completed Passenger Information Form and your booking is paid-in-full.

BAGGAGE LIMITATIONS

Q: What is AmaWaterways River Cruises baggage policy?

A: Onboard the ship, space is very limited. Therefore AmaWaterways allows one (1) suitcase, one (1) carry-on-bag and one (1) personal bag (handbag, computer case, etc.) per person aboard their ships and motor coaches. Airlines may have additional baggage restrictions and may impose additional fees for checked baggage and/or excess baggage. Bring an overnight bag for your last night. Please note there may be a fee assessed on-site for excess baggage.

HEALTH & MOBILITY

Q: I have an existing medical condition. What do I do?

A: AmaWaterways trips are exciting, relatively active vacations. Your included excursions generally require an extensive amount of walking, as well as navigation of numerous steps and cobblestone streets. On shore excursions, guests with physical limitations will find access to sites generally restrictive. AmaWaterways recommends that all guests be in good physical condition. AmaWaterways, at its sole discretion, reserves the right to refuse passage or to require a current passenger to end their trip if the passenger's state of health or physical condition may affect their own health, safety, and enjoyment, or that of other passengers.

Europe: Wheelchair accessibility is very limited on European ships. There is an elevator between the two main decks, however it does not reach the Sun deck or Piano deck. They would be able to move around the dining room and lounge in their chair, however the rooms are not able to accommodate a wheelchair, so while in their stateroom they would need to be able to move around on their own. Their chair would also need to be stored in their stateroom, due to limited storage on board. Getting on and off the ship, could be a challenge, as the planks are narrow and cannot accommodate a wheelchair or scooter's width. They would have to be able to get on and off the ship without their wheelchair and the wheelchair would have to be light enough to be lifted off and on the ramps. It is common to tie up to other river ships in port. When this happens we would sometimes need to travel through another ship to disembark, with many ships requiring we do so from the Sun deck, where there is only stair access.

During the excursions, a good majority of the cities visited have the cobble stone walkways; this may be a challenge to maneuver with a wheelchair. The motor coaches we use as a main means of transport do not have any sort of lift and there are 4 or 5 steep steps to get on and off.

Guests with mobility concerns need to discuss their concerns with their Food & Wine Trails Travel Advisor in advance of their departure. Guests requiring the use of a mobility device, such as a wheelchair, motorized scooter, or walker, may not be able to participate in many shore excursions or use them onboard the ships. Also, guests who may be limited in their ability to walk long distances may also have difficulties, as there is often uneven terrain on many shore excursions. AmaWaterways is unable to accommodate women past their sixth month of pregnancy. River ships are not in compliance with the Americans with Disabilities Act.

Q: Does the ship have medical services onboard?

A: AmaWaterways does not employ staff nurses or doctors onboard its ships. Should you need medical attention, it will be at local facilities, at your own expense. In the event medical assistance is needed, appropriate medical facilities will be contacted. Note that response time can vary. AmaWaterways and F&WT are not responsible for any costs incurred as a result of medical service, or for the quality of medical care received. A Travel Protection Plan covering medical expenses is highly recommended.

Q: Will the ship accommodate special dietary issues?

A: Notify your F&WT Travel Advisor as soon as you book of any special dietary restrictions or concerns you may have. This information will be provided to AmaWaterways and to the extent possible, and in consideration of local conditions, every effort will be made to accommodate your needs. It is the guest's responsibility to give as much detail as necessary concerning any medically related diet concerns. Not all dietary requests can be accommodated.

Flights

Q: What flights are included and what are my options for booking air transportation?

A: Flights are NOT included in your cruise package. Your F&WT Travel Advisor can assist with booking flights, which provides you the best market-rate for other ports, and better coordination for transfers. Additional travel management and ticketing fees will be assessed based on services provided. **OR** You can book your own air flights and provide F&WT's with your confirmed flight schedule.

RESERVATIONS

Q: Are we able to take our children and is there an age restriction?

A: Passengers who are under 18 years of age must be accompanied by an adult who is 21 years of age or older. AmaWaterways is unable to accommodate children less than 4 years of age and children 4-7 years old are not recommended on AmaWaterways cruises and in their experience most young children do not enjoy the river cruise experience. There are no special arrangements, activities, or accommodations for children on their cruises or ashore. No additional bed will be provided due to limited space onboard. A limited number of staterooms with a fold out sofa are available on select ships. Your F&WT travel advisor would be happy to guide you through these options when available.

Q: Can I make changes to my reservation?

A: Changes to a reservation after deposit and prior to issuance of travel documents may result in assessment of administrative fees and service charges beyond the control of F&WT and are the responsibility of the guest. Administrative fees and service charges will vary and are based on the type of change to your reservation including but not limited to name and air schedule changes.

PRICING & PAYMENTS

Q: What is included in the cruise fare?

A: Prices are per person, based on two people sharing a stateroom and are in US Dollars. Q: What payment methods are accepted for deposits and final payments?

A: F&WT accepts AMEX, MC, Visa, and personal checks for cruise deposits and final payments. Your final payment may be automatically charged to the credit card used to make the initial deposit. If you use a debit card to pay the deposit, we may not be able to process your final payment due to daily spending limits imposed by your bank, and therefore, would require an alternate form of payment.

Q: Do Single travelers pay a different rate?

A: Yes, please ask a F&WT Travel Advisor about single fares.

TRANSFERS

Q: What about airport transfers to hotel, hotel to ship and from the ship to airport?

A: Transfers are not included.

Q: What should I do if my baggage is delayed or lost?

A: Baggage delays do unfortunately occur from time to time. Remember to not leave the baggage area without completing a Lost Baggage Report with your air carrier. This report is essential to the tracking of your claim. If traveling with a companion, one person should exit the baggage claim area and locate the transfer representative to inform them of the situation. Report your lost baggage to the AmaWaterways representative and provide your AmaWaterways Cruise Manager with a copy of your Lost Baggage Report. This will assist their staff in helping to locate your baggage as quickly as possible.

The ships do not have ATMs.

Q: Can I exchange my money for local currency?

A: Limited currency exchange is available onboard for the exchange of cash only.

Q: What are the mooring and docking facilities like?

A: Local river authorities allocate docking space based upon ship arrivals and departures in port typically, river ships always dock facing upstream, against the current. Occasionally, port conditions require ships to tie up alongside each other, in which case guests may be required to walk through another ship to get to their own ship. This is part of the river cruise experience and is perfectly normal and beyond the control of AmaWaterways. Guests may experience obstructed views from staterooms when the ship is docked.

Q: Does the ship dock in the heart of each city?

A: It depends; in many places you will dock within walking distance to the city center, but there are places where the river only touches the outskirts of a town and thus a motor coach transfer is necessary.

Q: Does AmaWaterways provide audio-headsets on its shore tours?

A: Yes. AmaWaterways has Quietvox portable audio headset systems on the ship for use during shore tours. The Quietvox system can be used with hearing aids that are compatible with a telecoil induction loop. There are a limited number of telecoil induction loops available onboard, ask the Cruise Manager onboard.

Layering clothing items is always your best bet, as this allows you to adjust to any temperature, including artificially maintained temperatures, by removing or adding items throughout the day. We recommend comfortable walking shoes with good ankle support or sturdy sandals. For evenings, any resort-type wear is perfectly suitable; shorts are not allowed for dinner. Don't forget to pack a lightweight, waterproof jacket (preferably hooded), for colder temperature.
